LARGEST CIRCULATION OF ANY PAPER PUBLISHED IN MONTGOMERY COUNTY

VOLUME XX

MT. STERLING, KENTUCKY, WEDNESDAY, JUNE 21, 1911.

NUMBER 50

FESTIVITIES ARE APPROACHING; PRETTY GIRLS ARE GOING.

**This Year's Atlantic City Fetes are the Talk
Of the World And The Advocate's Great
Contest is the Talk of The
Town.**

**Every Girl Works and
Everybody Helps Her**

**The Winners Will Surely be the Five Most
Popular Young Ladies in This Part of
the State.**

This is the third week of our contest and the success thus far has been beyond our expectations. In fact we have been surprised ourselves at the interest shown by the people in this contest. Votes have been received from all sections of Kentucky where this paper has been circulated. People are continually coming into our office and helping out their favorites in this race. This is a contest among our subscribers and very materially differs from the ordinary run of contests. We have no capital prize to give away, but our prizes are all big ones and divided into five districts. Please remember you only have to win in your district, but you can get votes anywhere. It makes no difference in what financial circumstances a young lady may be, it is an honor to be a winner in this contest. It is an honor to be a member of this jolly party from the Blue Grass that will visit all the Eastern cities.

There are a number of young ladies nominated in this contest who can win if they will simply let their friends know they would like to take this trip. Every day the people are renewing their subscription and we are adding new names and these people have been voting for some of the young ladies. It is all up to the young ladies themselves.

We are bound for the BOARD WALK. Who will be the young ladies to make the trip? Don't these hot days make you begin to think of Atlantic City, and the cool sea breezes.

Of course you don't feel like taking your hard-earned money and spending it on such an expensive vacation, but when you can get it by putting in a few odd hours now and then, that you would probably be riding away, well why not?

RECEIPT BOOKS.

Every candidate in the race should have her own receipt book. Those not having received them as yet, may obtain them by calling or addressing the ADVOCATE.

MORE CHANGES.

From the manner in which the subscriptions poured into the office all last week, there will no doubt be some more changes in the ranks this week. Watch for them. The race surely cannot continue so close much longer.

Remember a coupon counting for 10 votes appears in every paper—be sure and get every one you possibly can as they will help immensely.

HOW THEY STAND.

Following is the standing of the young ladies as counted on Mon-

day, June 19. The votes received on Monday night and Tuesday are not included in this count. Have votes in our office by Monday afternoon.

The grandest national festivities that were ever held, the one that will be patronized not only by all America but by all Europe as well, will be opened the coming month in all their magnificence in the beautiful Atlantic City.

Thousands and thousands of dollars are being expended by those in charge in an effort to make fetes this year overshadow all previous ones in splendor and grandeur. Heretofore the patronage to these events has come almost altogether from the East, indeed people in the West seldom heard of them, but this year it is the intention of those in charge of celebration to make it a world's event.

The popular young ladies who are to take this splendid trip to the festivities at the expense of the ADVOCATE will indeed be very fortunate. Nothing in this country the coming year, will compare with those gorgeous fetes in any degree whatever. Beautiful Atlantic City, "Vanity Fair by the Sea," the premier of all noted summer resorts in the whole world. With all its multitudinous attractions it stands unparalleled in the world's amusement places. It is fortunate indeed that the ADVOCATE girls will have an opportunity not only of witnessing the festivities attending the height of the season, at this most fashionable resort, but of taking an active part in them.

The visit to Washington, D. C., will not only be immensely enjoyable but a very instructive one as well. All places of public interest will be visited there, including the White House, the capitol building, the parks, etc.

Aside from the above visits, it is the intention of the management to have the girls spend a day in seeing the city of Philadelphia. This city is considered the most interesting of all Eastern cities. Being one of the earliest settled towns in the United States. It possesses many attractions worthy of attention because of the history connected with them.

Baltimore, Maryland, will also be included in the delightful tour and the visit in that great city will add much to the pleasure of the trip.

It is with a feeling of pride that the ADVOCATE offers this truly splendid outing to the most popular young ladies in the city and county; it is certain that no more delightful tour could possibly be planned. The management has attempted to include everything possible that will add in any way whatsoever to the pleasure of its guests. Any suggestions from any of the contestants in the big race concerning the entertainment of the girls will be appreciated by the management, whose desire it is to make the outing the most enjoyable that will come to the girls in a lifetime.

Again this week there were a number of people who voluntarily

W. A. SAMUELS

Mayor of Mt. Sterling Has Tendered His Resignation to the City Council.

Mayor W. A. Samuels created a sensation last Friday evening at an adjourned meeting of the City Council by tendering his resignation as Mayor of the City, to take effect immediately. No reason was assigned by him, other than his desire to discontinue public service, and the Council hoping he could be induced to reconsider his action, postponed consideration of his resignation until the next regular meeting.

During his official life, both as Councilman and then as Mayor,

Mr. Samuels has labored zealously for the best interests of the City and the whole people. He has made mistakes, as has every man in public life, (other than the all too numerous "do-nothing" kind), but no one doubts his sincerity of purpose in anything he undertakes.

All fair-minded people will admit that the present City Administration, of which he is the official head, has accomplished more in the past two years, than have all other administrations during the previous decade.

An honest public servant has a thankless task before him, but we sincerely hope Mayor Samuels will conclude to serve during the remainder of his term, if no longer.

Miss Isobel Harris to Become Bride of Prominent Lawyer.

At a beautiful luncheon given by Miss Elizabeth Rice, at Fulton, Mo., in honor of Miss Isobel Harris, the announcement of Miss Harris's approaching wedding to Mr. William Harrison, of Deluth, Minn., was made. The wedding to take place June the twenty-eighth.

Miss Harris is a sister of Mrs. J. A. Vansant, of this city, and is well known and extensively admired here where she has often visited her sister. Mr. Harrison is a prominent attorney in Deluth, and is also extensively interested in iron mines. He enjoys the confidence and respect of all who know him.

After a bridal trip to the Great Lakes and Canada the couple will be at home to their friends in Deluth.

Mrs. Vansant left Tuesday morning for Fulton, Mo., to attend the wedding.

Miss Mary Apperson Receives Painful Injury.

Sunday evening while the fire at W. P. Apperson's was raging, Miss Mary Apperson attempted to run across the yard and, forgetting that a wire fence had been recently stretched, ran into it and as the fence was very low, she fell over it and struck a post, breaking her collar bone. The injury is a very painful one.

Great Clay Pigeon Shoot.

The Winchester News has the following to say relative to the clay pigeon shoot between the local gun club and the Winchester Club.

"Some of the best shooting ever seen on the local field was pulled off Friday afternoon in the match between Mt. Sterling and Winchester Gun Clubs.

Eleven men shot on a side and the visitors pulled down the victory by 9 birds, winning by a score 460 to 451 out of a possible 550.

Three of the Mt. Sterling men made 48 out of a possible 50 and the entire team averaged 42 birds. The local boys averaged 41.

At the conclusion of the match the visitors, who had come from Mt. Sterling in automobiles were entertained by the local club at dinner.

The individual scores were:

W. P. Apperson Visited By Another Fire Sunday Evening.

For the second time within less than a year W. P. Apperson was visited by another fire Sunday evening. This time, however, it was his stable that burned instead of his residence as some people thought. The stable was a complete loss with all its contents, and very little insurance was carried on same. Tipton Wilson had a valuable mare in the stable which was also destroyed.

Operated on for Appendicitis.

Miss Lillian Sewell, who was operated on for appendicitis, at the Good Samaritan Hospital, in Lexington last Tuesday, is improving nicely.

JUNE COURT.

**About 750 Cattle on the Market.
500 too Many the Way
Trade Was.**

The life seemed to be all gone in cattle trade. It was one of the duller days we have had in years. There was some demand for light weight stuff, as yearlings.

The best sold at 4½c to 5c; yearlings at about the same price. Heifers at 4c; cows 3c to 3½c; bulls at 4c. A few sheep sold. Some 85-lb. wethers at 3c. Very small crowd at the pens and very little done in trade during the day.

SALES.

Sam Laytham, of Bath county, bought 8 1,000-lb. cows of W. L. Byrd at 3½c.

Sam Greenwade bought 4 950-pound cows of Mike Wilson at 4c. Mike Wilson sold 16 about 400-lb. heifers to A. L. Kerns, of Carlisle at 4c.

Henry Lemaster sold 4 900-lb. cows to Wm. McKinney, of Fayette county, at 3½c.

Geo. Mays bought 12 about 500-lb. heifers of G. P. Blevins at \$21.00 per head.

Mike Wilson sold Mr. Sayer, of Lexington, 3 900-lb. cows at \$3.25. W. L. Byrd sold 2 700-lb. bulls to Jonas Weil at 4c.

D. J. Burchett bought 30 about 450-lb. yearling steers at \$19.75 of Ben Murphy.

Murphy & Little sold a bunch of 950-lb. cows to A. F. Kern, of Carlisle, at 3½c.

HORSES AND MULES.

The horse trade was slow and very few sold.

Mules were still high, and while there was very few on the market they sold at good prices.

Mr. Greenwade sold a pair of heavy mare mules at \$500. 154-lb. mules sold at \$350 to \$375, small mules at \$125 to \$140.

Take advantage of Walsh Bros. cut prices on clothing, hats, shoes.

Men's \$1.50 hats, 98c.

Punch & Graves.

In Honor of Mr. and Mrs. Foster Rogers.

Mr. and Mrs. T. F. Rogers and Miss Charlotte Rogers entertained Thursday at their home with a beautiful reception in honor of the bride and bridegroom, Mr. and Mrs. Thomas Foster Rogers, Jr., who have just returned from their wedding trip. The house was lavishly decorated with wild smilax, red rambler roses and daisies, the balustrade of the stairway a rope of red roses, great baskets of daisies in the arches of the doorways and the mantels banked.

In the receiving line with Mr. and Mrs. Rogers, Miss Rogers and the bridal couple were: Mrs. Henry Cohen and Miss Bessie Cohen, of Lexington, Mrs. R. E. L. Murphy, of Little Rock, Arkansas. Miss Morie Murphy was in charge of the guest book, about one hundred and fifty relatives and friends being present.

FREE TRIP TO ATLANTIC CITY AND ALL EASTERN CITIES

GIVEN BY
Mt. Sterling Advocate to 5 Most Popular Young Ladies

Hotel Where the Advocate's Party Will Stop in Atlantic City.

THE MONTICELLO
ONE OF ATLANTIC CITY'S MOST POPULAR HOTELS

This is one of the most fashionable Hotels in the world and is located just one-half square from the famous "Board Walk."

Oh You Atlantic City

Atlantic City, "the beauty spot of the whole world," has been written and talked so much about that it is a household word in not only every home in America, but in Europe as well. It is the mecca of the world for the richest class during the summer months, particularly during the months of July and August, and it is not surprising to see strolling along the great board walk or taking a cooling dip in the surf, the kings and queens of Europe, the Rockefellers and Morgans of America—all there with but one thought in mind—to have the time of their lives. And they have it, too.

The great board walk, about which so much has been written, is a great steel esplanade, elevated and reaching for seven miles along the ocean front. It is crowded from morning 'till night with throngs of people from this country and Europe its entire length. Three thousand rolling chairs glide over the "board walk" continuously in which ride the millions of the world. The bathing beach is easily the finest in the world. It is said that in Atlantic City, at the height of the season, there are as many as 80,000 people in bathing at the same time. Just think of it; 80,000. What a wonderful sight to behold!

Extending far out into the ocean from the beach are six massive piers over a mile in length. These piers are literally covered with every kind of amusement that one could conceive; each one is a veritable World's Fair within itself. One could spend hours on each and every one of these piers and immensely enjoy every one.

In short, Atlantic City leads the entire world as the grandest amusement resort on the globe today. And it is to this truly wonderful place that the five popular young ladies from Mt. Sterling and surrounding counties will go as the honored guests of the Advocate. Then after our party has enjoyed this magnificent outing, they will be taken first to Baltimore; then to the staid old Philadelphia, and then to the most interesting city in the universe—Washington, D. C.

Now, can you picture in the widest flights of your imagination a more enjoyable, a more truly delightful outing than this one? Expense has been entirely forgotten in planning the itinerary and the sole thought in the mind of the management is to make it the grandest outing that was ever offered a bunch of girls anywhere.

TO ATLANTIC CITY IS THE SLOGAN

Old Sol has been the cause of many Mt. Sterling people preparing for a visit to the seaside. Are you going to take an outing this year? If you are, you'd better take a tip from the gentleman who seems just now to be making an attempt to put the thermometer out of business, gather your duds together and make a straight shoot for the seashore. There and there only will you find relief from the sweltering atmosphere that has caused the ice man to grin from ear to ear the past few days.

Atlantic City, New Jersey, "The City by the Sea," is the one cool spot on the earth during the summer months, and to this greatest of all resorts the richer class flock by thousands. At the height of the fashionable season which will begin in a few weeks, it is said that there are more people to the square inch in this beautiful amusement place than any spot of the same size in the world. So if you want to be in "the social swim" as well as to escape this almost unbearable heat, make your preparations to follow the crowd and spend your outing in Atlantic City. The Advocate will take you free.

THE DISTRICTS.

During the time of the contest, the territory covered by the Advocate has been divided into five districts, thus making the winning of the race much easier for the candidates.

Understand one young lady will be sent from each district. Of course, the one receiving the highest number of votes in her district.

The following are the districts and their boundaries:

DISTRICT NO. 1.

Begins at the C. & O. depot in the center of Bank street, thence north up center of said street to Howard avenue; thence up center of Howard avenue to corner of Howard avenue and Clay streets; thence east to center of Mayssville street; thence north to the city limits, including all the territory lying east of said line in the city limits.

DISTRICT NO. 2.

Shall comprise all the balance of the city lying west of the line as indicated in District No. 1.

DISTRICT NO. 3.

Is composed of the following voting precincts: Arons Run, Side View, Grassy Lick, Levee and Beans.

DISTRICT NO. 4.

Camargo, Jeffersonville, Howards Mill, Harts, Smithville and Spencer.

DISTRICT NO. 5.

The counties of Bath, Clark, Menefee and Rowan.

Although divided into districts, contestants may solicit votes anywhere.

RULES OF THE ELECTION.

Any young lady of good character, sixteen years of age or over, residing in any of the five districts is eligible to enter the contest.

To nominate a girl, merely place her name on a slip of paper, or better still, fill out the coupon in this issue and drop it into the ballot box in this office.

The young lady must reside in the district in which she is entered, although she may receive votes from any source whatsoever.

Remember, all those entering the race before June 1st will receive a bonus of 3,000 votes.

TO OUR PATRONS.

If there is anything at all about the entire contest that you do not fully understand, either call or address the Contest Manager at Advocate office.

The contest will be conducted in a fair, straightforward, open manner, and the management will take pleasure in explaining any detail that is not quite clear to any one.

Address all inquiries, etc., to
THE CONTEST MANAGER,
Care The Advocate.

Mt. Sterling Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Mt. Sterling citizen:

Mrs. Mary Hinson, 21 Strother street, Mt. Sterling, Ky., says: "I believe that if I had not used Doan's Kidney Pills I would not be living today. My health was poor and two of our best physicians stated that I could not expect to recover. They gave me a year to prepare for my sad fate. The kidney secretions were unnatural and at times my body bloated. I was nervous and suffered severely from headaches and dizzy spells. Spots floated before my eyes and I often had to grasp something for support. My back was weak and I could not stoop to button my shoes, in fact, could hardly get around. I was so much impressed by a testimonial given in favor of Doan's Kidney Pills that I decided to try them and procured a box at Duerson's drug store. They gave me immediate relief and I continued taking them until I was in good health. I have but little trouble from my kidneys now and for that reason recommend Doan's Kidney Pills highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Something Better.

Believe me, there should be something else taught in our high schools than that to merely graduate and the race for success has been won. Pound it into a boy's head that the race in life's battle has just started when he graduates. Never let him get it into his head that an education eliminates him from toil. The next legislature should provide that each high school should have an agriculture department, and teach the boys what scientific farming really is. Live plants well taken care of are more profitable than dead languages well spoken.—Falmouth Outlook.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Beagules act gently and cure constipation. 25 cents. Ask your druggist.

Notice!

W. T. Fitzpatrick having been declared of unsound mind and having been appointed his Committee and qualified as such, all persons holding claims against him will present same to me properly proven, and all persons owing him will call and settle with me. And no debts created on and after May 20th, 1911, will be paid by me.

Traveling Health Exhibit.

The Kentucky Association for the Study and Prevention of Tuberculosis is doing a good work in sending a traveling health exhibit over the State. There is no better way of exemplifying the importance of the fight against "the great white plague."

The fact that tuberculosis is a preventable disease needs to be impressed upon the population of the State. The value of fresh air and sunshine as factors for health are not generally understood. A majority of the people do not realize the extent of the inroads tuberculosis is making—the heavy death toll that it is taking in Kentucky every year. The "tuberculosis car" with its health exhibit and its illustrated lectures by association officials will carry enlightenment to many wherever it goes.

The conquest of tuberculosis will be no easy matter. The indifference to the disease which has prevailed so long cannot be instantaneously transformed into activity and enthusiasm. The campaign of education must be waged continuously and it must be carried to every part of the State. Tuberculosis does not confine itself to any particular locality. There is more of it in some communities than in others, but no community is immune or exempt. It is claiming its victims everywhere, and the gospel of prevention must be carried to the remote neighborhoods and to the isolated homes.

Kentucky has made a good showing in the campaign for health, and the sending out of the "tuberculosis car" is a distinctively progressive move.

For Sale Privately.

Mayor Gaynor, of New York, may be a great man, but he cannot rule his own family. He insisted his son should become a lawyer. The young man revolted and became a newspaper man. Last year his oldest daughter eloped and became Mrs. Henry Kermit Vingt. Last week another daughter eloped and became Mrs. W. Seward Webb, Jr. Mayor Gaynor is the ruler of Greater New York. He bosses 5,000,000 people. When he enters the portals of his domicile, where they know him, his rule ceases. Even his chief makes him trouble.

GEORGIA MARBLE

Since the very earliest ages of history, marble everywhere has been recognized as pre-eminent in the construction of the world's greatest monuments and buildings, and Georgia Marble contains those durable qualities for which the stone from the ancient quarries was so justly famous. In beauty Georgia Marble stands without an equal. It matches up perfectly, and when lettered shows a striking contrast that renders the inscription readable from a distance. The crystalline formation is so closely interlocked as to prevent the slightest degree of absorption or decomposition, rendering it proof against climatic conditions, and it remains beautiful and unbroken always.

BIG FOURTH OF JULY CELEBRATION.

We are glad we are to have another Fourth of July celebration at the Fair Grounds and upon even a bigger and grander scale than we did last year. Our business men have taken the matter in charge and are carefully arranging every detail. This insures an enjoyable entertainment for young and old alike, and is the cheapest accident insurance we know of. People for miles around should, and no doubt will, attend this celebration. It will be conducted by an expert, to prevent accident and everything possible will be done to make the day, so far as Mt. Sterling is concerned, truly a safe and sane Fourth of July. Instead of buying the children fireworks with which to cripple themselves, bring them to this big display, which you and they alike will appreciate, without fear or danger of any kind. The necessary cost has been taken care of by popular subscription and the entertainment will be absolutely free.

Races and other forms of amusement, during the day, will be had at a nominal cost of admission and the day promises to be "one round of pleasure."

WHY NOT ENFORCE THE LAW.

Section 166 of the Ordinances and By-laws of the City provides a fine of from \$5 to \$20 for the offense of congregating upon the streets and engaging in what is commonly known as "jockeying" or horse swapping.

We have heard many adverse comments upon the subject and one of the best citizens of our city has made complaint to members of the Council about this nuisance, but upon investigation we find there is already ample law, if enforced, to put an end to it. Occasionally, a respectable man is seen in this crowd, but as a rule the horse-swapping element is made up of half drunken trifling men who rip and race up and down the streets with utter disregard for the rights of others, blocking traffic and endangering human life, on the crossings.

The writer saw a child escape from beneath a horse's feet Court Day, apparently rescued by Providence and instead of asking the Council to pass new laws, we would suggest that the Chief of Police and Police Judge enforce those we already have that are being so openly violated.

Official census reports received at the office of the State Superintendent of Public Instruction show there are 225,557 children in Kentucky of school age. Of this number only thirty-five per cent. actually attend school, while the statistics show negroes attend school better than the whites.

Kentucky, to her shame, must admit she is a leader in illiteracy and her most urgent need is more and better schools and more drastic laws along the line of compulsory education.

Billy Klair, when called upon for a speech in the recent convention said he was not a speaker, but a performer. Any one who ever attended a session of the Legislature in the past ten years can verify that.

Mt. Sterling to Have a Post. Savings Bank.

On the 10th of July there will be instituted at the local postoffice by the United States Government, a Postal Savings Bank, which will be one of the first six institutions of its kind in the State.

Deposits will be accepted from individuals only, no deposit of less than one dollar will be received and no more than \$100 can be deposited in any one month. The total on deposit cannot exceed \$500. However, when that sum is reached the depositor may exchange same for United States bonds bearing regular rate of interest—about 2 1/2 per cent.

The depositor will be given a receipt for each deposit and these receipts can be redeemed by the depositor at his pleasure. No interest will be paid on deposits of less than a year.

Hundreds of other pieces and features.

This will be the biggest day Mt. Sterling ever had. The entertainment will close in time to make the eastbound train which leaves Mt. Sterling at 9:47. The entertainment will be given at the park of the Montgomery County Fair Association, in the city limits. Come and bring the children and witness this magnificent display of fireworks.

HELPS CONVICTS TO REFORM

Splendid Work Being Done by Officials of John Howard Industrial Home at Boston.

What society shall do with discharged prisoners is slowly but surely being solved by the John Howard Industrial home at Boston, which celebrates its twentieth anniversary soon. A most pathetic object is the discharged prisoner, who thinks every passer-by sees the prison stigma upon him. This saps his courage and he slips back again until once more he is associating with criminals. The Howard home seeks to furnish him with a grip upon a new life.

During the last 20 years nearly 21,000 discharged prisoners have been cared for by the home until positions have been found for them. The home was founded in 1890 by the present superintendent, Albert Arnold, and several other workers.

"I am sometimes asked," says Superintendent Arnold, his kindly face beaming good nature, "how many men are deserving of help? I always reply that all are good men. Every one has good points. Too much criticism is directed against them for the slightest errors. All they need is encouragement in order to forget the old life and start the new."

ATLANTIC CITY CONTEST

Continued from page one

came in, paid subscriptions and placed votes to the credit of some of the young ladies, whom these candidates have not even solicited. This fact alone ought to show the girls very plainly that their friends are not only willing but anxious for them to win the royal honors. It's up to the girls themselves to show these friends their appreciation of the fine support given them by displaying the determination to win, making every moment count from now until the close of the contest in making the race of their lives for the grand honor.

WISDOM IN RESERVE STRENGTH.

It is wise, of course, to have a reserve vote and probably every young lady candidate has some strength that she is holding for the final day of the special contest. It is the part of wisdom for candidates to assure themselves that the amount in reserve will meet that of their friendly competitor—vote for vote, and then have a few more besides to add that will make victory certain. Take no chances. Heed not the idle rumor and make the end of your campaign of winning strength because of your activity of the present.

Do not tell others how much of a reserve vote you have. Get all the assistance you can, but keep your own counsel. Remember that the fewer people who know just how you are progressing the less likely will be the chance of valuable information getting to your competitors through probably mutual acquaintances. Those who are in the lead today are there because they have made a personal effort, and have interested their friends as well, and that same opportunity is within the reach of every candidate.

ENDLESS CHAIN OF VOTE-GETTERS.

The secret of increasing returns is found in the conscientious effort in interesting all of your friends, enlisting their support and bringing about an endless chain of vote-getters and willing helpers. Don't be afraid to ask others to help you. They will enter into the lively race with interest and enthusiasm.

Who will be the members of our happy party of tourists? These are questions which concern the minds of the young ladies and their friends and will be answered in the course of another month. Make the best of your time now. Make personal calls, use the phone, send out letters—any way will do, but be sure to see them all; to lose a trip by one hundred votes on a subscription you might have gotten, but did not, would be a cause for regret.

Please remember the nominations close on Saturday night of this week. No candidate will be allowed to transfer her votes to any young lady now in the race, but she can transfer her votes at any time to some young lady who is not in the race at that time. Cut out the coupons and vote them in the box at the ADVOCATE office. Most every coupon was cut out of our last week's issue.

NATURE IN LOVE WITH YOU

Trees, Flowers, Song of Birds, Roar of Waters Whisper of Winds, All Tell It If You Listen.

As surely as intelligence is everywhere (and life and growth universal make this truth self-evident) all nature is in love with you at this moment. Be still and know. Real love is spiritual power which makes you realize its verity in your own individual being. The very atmosphere of heaven all about you is love's breath; the trees and flowers express their love for you, and wave their leaves in loving greetings; the birds wake early to call you with their theme of love, and the winds whisper it in their matins and vespers; the tides tell it to the rugged shores, and the waves dash high in their eagerness to show you the depths of the ocean's love; the rivers roar it, and the brooks and branches sing a ceaseless lullaby of love to you; the stars twinkle their love upon the earth, and leap for joy of telling you how much you are loved and cared for; the skies bend above you to symbolize the measureless love and protection, and the mountains and hills woo you to lay their treasures of wealth at your feet.—Life.

DEACON JONES WAS NARROW

Reprieved Parson Brownslow for Working on the Sabbath Day to Resuscitate Two Half-Drowned Boys.

Bishop John L. Uelsen, in an address in Omaha, said of intolerance: "These intolerant people make me think of young Parson Brownslow."

"Parson Brownslow, one Sunday morning, was passing a pond when two young skaters went through the ice. The parson, a good swimmer, plunged into the cold, black water promptly, and after a deal of diving and floundering and struggling, he managed to rescue the two boys. He laid their limp forms on the bank side by side and then he began to work their arms vigorously, so as to restore animation, when a deep, reproachful voice called from the road: "Parson!"

"He looked up and beheld the frowning visage of Deacon Jones. "Parson," said the deacon, "six days shalt thou labor!"

NEW IRISH BIRD.

Mr. Collingwood Ingram, a well known naturalist, has discovered in the pine woods of County Sligo, Ireland, an entirely new indigenous bird to be added to the list of British birds. Such an event has not occurred for nearly fifty years.

The new bird is allied to the coal tit (Parus ater), which, although it is distributed throughout the world in varied forms, in no instance has a distinctive variation so pronounced as in the new species, in which the parts of the plumage that in all other tits are pure white assume a clear sulphurous yellow hue. These parts are the cheeks and a spot on the back of the neck.—London Daily Mail.

THE GRAND CANYON.

Three features of the canyon strike one at once; its unparalleled magnitude, its architectural forms and suggestions, and its opulence of color effects—a chasm nearly a mile deep and from ten to twenty miles wide, in which Niagara would be only as a picture upon your walls, in which the pyramids, seen from the rim, would appear only like large tents, and in which the largest building upon the earth would dwindle to insignificant proportions.—John Burroughs, in Century.

STRICT SUMPTUARY LAWS.

Cape Town once lived under so severe a code of sumptuary laws that anything like displays was restricted to the governor and his immediate circle. Thus runs article VI of the Dutch laws against luxury and ostentation: "No one less in rank than a junior merchant and those among the citizens of equal rank and the wives and daughters only of those who are or have been members of any council shall venture to use umbrellas. In practice this restricted the possession and use of umbrellas to about fifty persons in Cape Town."

Duck's Immunity to Snake Poison. Experiments by MM. Billard and Maubant, recorded in the "Comptes Rendus" of the Biological society of Paris, shows that the common duck exhibits a remarkable indifference to the venom of the viper. They also find that the owl is similarly immune. Two of these, badly bitten on the feet, did not seem much worse. M. Billard also finds that the domestic cat has almost complete immunity as regards the viper.

Where the Fire Was. Sleeping during the season is a poor compliment to the preacher, but it is not often that the man in the pulpit turns the occasion to such effective use as did John Wesley. The apostle of Methodism was preaching, while many of his hearers slept. Suddenly he started them by a loud cry of "Fire! Fire!" There was a momentary panic among the congregation, and a man cried out, "Where, sir? Where?" "In hell," the preacher replied, "for those who sleep under the preaching of the Word."

A Good Thing. Dr. Clausen, the most eminent of German surgeons, says that the only reason birds and animals and beasts don't talk is because their tongues are not hung right. It's a blessed thing that they are not. If they were, man would have dogs and cats and crows and coons and foxes calling hello to him every time he walked out, and if he didn't stop for a chat, he'd soon get the name of being an old crank. There's talk enough as it is.

Good News

"I write to tell you the good news that Cardui has helped me so much and I think it is just worth its weight in gold," writes Mrs. Maryan Marshall, of Woodstock, Ga. "I do hope and trust that ladies who are suffering as I did, will take Cardui, for it has been a God's blessing to me, and will certainly help every lady who is suffering."

No matter if you suffer from headache, backache pains in arms, shoulders and legs, dragging-down feelings, etc., or if you feel tired, weary, worn-out and generally miserable—Cardui will help you. It has helped thousands of other weak, sick ladies and if you will only give it a trial, you will be thankful ever after.

Prospects Gloomy for Crop But Bright for Prices.

"Not since the year 1874," says an exchange, "has the setting of the tobacco crop been so discouraging as at the present time. Some plants are getting overgrown in the bed and others are scorching up. With practically not over 15 or 20 per cent. of the crop already set out, with the sun the hottest on record at this time of year, it would certainly take a long and good season to cause them to live when planted. With most all the dark tobacco off the market at this time of year, caused by two short crops coming together for the last two years, and without good season at once, the prospect for a crop will look most gloomy, and without a change in the next few days, there will be something doing in the prices of all kinds of tobacco and the future prospect for this year's crop will certainly be bright for good prices."

Democrats Choose Klair.

William F. Klair, of Lexington, was nominated by the Democrats of the Second railroad commission district for Commissioner to succeed L. P. Tarlton. The nomination of Mr. Klair was made by acclamation, following a hard fight on the part of Robert E. Brown, of Pulaski county, to secure recognition of the Pulaski county delegation instructed in his favor, but as the Klair forces controlled the convention absolutely, the Brown delegation was unseated and the contesting delegation, favorable to Klair, was given the voice of Pulaski county in the convention. Even without the delegation from Pulaski county the Fayette county aspirant had 217 instructed votes, 15 more than enough to secure the nomination on the first ballot, and because of this fact he was urged to drop the contest and allow the Brown delegation to be seated. In view of the hard fight made for him by his friends in Pulaski, Mr. Klair refused to drop their claims and insisted that the contest be put up to the Committee on Credentials.

FRECKLES GONE.

"Simple Remedy From W. S. Lloyd Removed Them," Says Society Lady.

"The best skin specialist told me that nothing would remove my freckles and that I would carry them to my grave," said a well known society woman, "but I fooled them all with a new drug, —othine, double strength, that I bought at W. S. Lloyd's which cleared my skin and gave me a fine complexion."

The action of othine is really remarkable, for when applied at night, many of the freckles disappear by morning, and the rest have begun to fade. An ounce is usually all that is needed, even for the worst case.

Be sure to ask W. S. Lloyd for the double strength othine, as this is sold under a guarantee of money back if it fails to remove the freckles.

Smoke curling up from the farmhouse chimney as the men are coming in from the fields, gives a pretty suggestion of a good supper and a comfortable home. But it also means a hot, tired woman, working hard over a blazing fire.

Your wife can escape this with a New Perfection Oil Cook-stove.

A New Perfection keeps a kitchen many degrees cooler than any other range, yet it does all a coal or wood range can do. It saves time, labor and fuel. No wood to cut; no coal to carry; no ashes; no soot. With the New Perfection oven it is the best cooking device you can find anywhere.

New Perfection Oil Cook-stove

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Flange evenly finished throughout. The 2 and 3 burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.

Best Farm in the South

A RARE OPPORTUNITY

No other investment equal to it at this time. 1300 acres—750 acres in cultivation. Balance in good merchantable timber.

On these lands are 7 houses and barns and two Steamboat landings. They are 2½ miles from railroad station. Land all level, rich, river bottom. Fine cane brake. This plantation made 300 bales of cotton and 10,000 bushels of corn in one year and can do it again. Figure the year out, put 300 bales of cotton at \$50 each \$2,400 00 Cotton seed \$10 from each bale 3,000 00 10,000 bushels corn, 60c bu. 6,000 00

Making a total in one year of \$3,300 00 To this add second crops and enough could be made in one year to pay for the entire farm, and with the entire farm in cultivation it would realize far more. Price, \$80 per acre. Apply at this office. 48tf

BETTER THAN TIARAS FOR FOR BRIDES.

From Cincinnati Post.

If the June bride of 1911 could be sure that 23 years later she would receive the anniversary present we are about to describe, she would be indeed a lucky young woman.

And if the young man who takes the vows this month is able to give and FEEL the truth of such a gift in 1934 he will have achieved a richness of life beyond all riches.

When a stock gambler or trust manipulator gives his wife a \$50,000 tiara we see the picture of wife and jewels in the papers. Many a tired work-a-day woman sees and sighs and thinks her life empty. Many a man feels his heart swell with sorrow that he cannot lay such treasure at the feet of his loving and patient partner.

Yet it isn't the number or size of the diamonds in the tiara that marks its worth as a gift. The real joy, in giving and receiving, is the true love that hallows the gift.

Once there was a man who wanted to celebrate his wedding anniversary with a gift to his wife. He was a poor man. Poor, not because he was not "smart" and capable, but because he had chosen to devote the wonderful talents God gave him to the service of his fellow men.

So when the time came he had no money for a gift. Instead he wrote his wife a little letter. Read the letter and see if any woman whose heart pumps real blood, knowing that every word in it was true and heartfelt, would prefer to receive such a letter from her husband than to have a dozen diamonds tiaras. Read:

It was 23 years ago tonight since we first met—I only a month or two older than our younger boy and you not much older than our dear Jennie. For 23 years we have been closer to each other than to any one else in the world, and I think we esteem each other more and love one another better than when we first began to love. You are now "fair, fat and forty," and to me the mature woman is handsomer and more valuable than the slip of a girl whom 23 years ago I met without knowing my life was to be bound up with hers. We are not rich—so poor just now, in fact, that all I can give you on this anniversary is a little love letter—but there is no one we can afford to envy, and in each other's love we have what no wealth can compensate for. And so let us go on, true and loving, trusting in Him to carry us further who has brought us so far with so little regret. For 23 years you have been mine and I have been yours, and though 23 years your husband, I am, more than ever,

YOUR LOVER."

For Kentucky.

Gov. Willson has been notified that a diploma and medal of honor has been received by the State Department at Washington for the State of Kentucky from the King of Italy. The medal and diploma are awarded in consideration of the donations made by Kentucky to the sufferers from the earthquake in 1908.

The Advocate will send next month five of the most popular young ladies in Eastern Kentucky to Atlantic City for an outing. It will be the most enjoyable trip of this season with all expenses paid. The lucky girls will get the best accommodations that money can buy. Nothing spared to make it the trip of their lives.

Subscriptions either old or new count. One year's subscription entitles you to 100 votes, two years to 200 votes. Vote the coupons in this issue and look over the list of candidates. Read the particulars in this issue.

The South and Reciprocity.

"Not only is it true that I would, as original propositions, favor most of the amendments offered, but I could easily write down several hundred others that I would like to put upon the statute books, reducing the burden of tariff taxation upon the people. But I see no particular sense in refusing to shoot a rattlesnake because I cannot at the same time shoot an anaconda. This is especially true if the anaconda is not within effective gun range."

The voice is the voice of John Sharp Williams, of Mississippi, raised in behalf of the passage of the reciprocity agreement as it came from the House. The sentiments are shared by Senators Stone, of Missouri, and Kern, of Indiana, the only other Democratic members of the Senate Finance Committee, if Democracy is to be judged by performance rather than profession. Yesterday the Southern Newspaper Publishers' Association adopted by a unanimous vote a resolution urging upon all Southern Senators the duty of giving the agreement their full support.

It is not impossible that the Southern publishers share with Mr. Stone and Mr. Kern the sentiments of Mr. Williams. The reciprocity agreement does not begin to go far enough in the direction of free trade relations and a lowered cost of living. But it is infinitely to be preferred to the impassable barrier that the present tariff has erected between the two countries. It contains the means necessary to break the hold of the paper and the lumber trusts. It opens to the country as a whole a market for ever-increasing value. By the South, more than by any other section, will its immediate benefits be felt.

It is inconceivable that any Senator calling himself a Democrat can discover an excuse for voting against the measure that will satisfy either his conscience or his intelligence. It is hard to see wherein the Southern Senators who takes such action will not prove himself equally the enemy of his party and of his own people.

But if such Southern Senators there be, let prayer be offered that they will at least display the courage of voting to kill the agreement instead of attempting to do it to death by stealth through amendment.—Louisville Times.

Positions On Ballot.

Last Thursday night the Democratic candidates for the various state offices met in Louisville. The positions were drawn from a hat by Miss Elizabeth Switzer, who came to the rescue of the subcommittee when every member had refused to do the drawing. Under the rules of the primary a blank line will be left under each of the offices in order that voters may cast ballots for others than those nominated should they desire.

It was rumored that Senator Paynter would not pay his entrance fee but those who thought that way were mistaken for the Senator not only paid his entrance fee, but was lucky enough to draw the first and best position on the ballot. Joseph Clay Vanmeter announced his withdrawal from the race for State Treasurer, leaving a clear field for Thomas S. Rhea.

The following will show who have paid their entrance fee and the positions they will have on the ballot.

For United States Senator—Thomas H. Paynter, Ollie M. James.

For Governor—James B. McCreary, William Addams.

For Lieutenant Governor—Edward J. McDermott, and James P. Edwards, T. G. Stuart.

For Treasurer—Thomas S. Rhea.

For Auditor of Public Accounts—Ruby Laffoon, Henry M. Bosworth.

For Attorney General—James Garnett, O. H. Pollard.

The Next Step.

The manner of reconstruction of the Tobacco Trust is one of peculiar interest to the people of Kentucky; disturbed as they were at one time by the absorption of manufacturing plants located in this State, they were still able to derive some consolation from the fact that the plants continued to be operated, and that owners for the most part, retired with very substantial profits.

But in the field the story was quite other. Disregarding the factors, brokers, rehandlers, warehousemen and so forth, who found their occupation gone, there remained the army of farmers in the Bluegrass, Pennyrite and Purchase, who of a sudden discovered themselves with one buyer where there had been many.

The principle which shall govern the lower court is very clear and intelligible; but how it will work out? That is what the farmers would like to know. Will there be a genuine competitive buyer between the plug branch and the fine-cut, the twist and the granulated? Or will there be a "gentleman's agreement,"—unacknowledged, of course; a sort of self-denying ordinance whereby the bidding will be farcical and perfunctory?

A great deal of emphasis was laid on the oppressive tactics whereby opposition was stifled in manufacturing, equipment, and distribution; but not much was heard of the grower. And yet he needs relief as badly as any—will he get it?—Louisville Times.

Commits Suicide.

S. B. Price, of Winchester, committed suicide in New York last week by shooting himself with a revolver. Despondency over a love affair is thought to be the cause for the rash act.

He was a son of the late D. S. Price and had many friends and relatives in both Montgomery and Clark counties.
